The Value of Life.

One of the interesting speculations recently started in England has for a subject the present value of life as compared with its value when mankind did not spend half of its time in studying the problem of prolonging life. One of the leading London physicians declares that men were happier and better, and lived nobler lives, before the pursuit of health and the yearnings for longevity became a craze almost amounting to madness, and before the questions what to eat, drink and to avoid, and what to wear, and how to live, by what means to avoid infection, to keep off disease, and to escape death for a few weary and wearied years, were the all-engrossing ones. Another urges that the "survival of the fittest," so far as the race is concerned, is a great mistake; and that humanity in general would be a great deal better off if there were less of the loving labor now expended in prolonging the lives of the weak, diseased and crippled.

There is no danger that either of these views will find general acceptance. The world has become so accustomed to studying the laws of health and long life, and enjoys the study so much, that it is not likely to abandon it, even for the purpose of bringing back the happy days when men didn't care anything about diet and drainage and pure air. There is just as little danger of any retrogression in the matter of caring for the sick and helpless. It may be worse for the race, in one aspect of the case, to prolong lives of suffering and so interfere with the natural process which extinguishes the weaklings in a few generations. But what the race loses in this way it is repaid an hundredfold in the cultivation and expansion of its finer emotions.—*Detroit Free Press.*

The Hardest Knot.

"What is the hardest knot to untie?" was the conundrum under discussion at a summer resort debating society a few evenings ago. The various kinds of knots known to civilization were referred to, but a man with a red nose and a cheeky expression on his face thought that the knot that a green cucumber tied was the boss for intensity of purpose. The society then rose and visited the barkeeper to have the vote properly recorded on the books.

A SINGULAR encounter between a dog and a donkey occurred in Blackpool, England. The dog rushed at the donkey as he was standing in a field, and fastened on his nose. The donkey shook him off, bit him about the head and shoulders, and tossed him wildly about. The dog again seized the donkey, and the combatants could not be separated. After the fight had lasted half an hour, the owner decided to have the dog shot, as it had by that time fastened with a firm hold upon the donkey's nose. A gun was procured, but so savage was the fight that it was difficult to shoot one animal without killing the other also. At last aim was taken, a bullet was put into the dog's head, and it dropped to the ground. When the smoke cleared away the dog was dead, but the infuriated donkey had returned to the charge, kicking, biting and trampling on the dog. It was with great difficulty the donkey was at last driven off.

PASHENCE is a good thing for a man to hav, but when he haz got so much ov it that he kan fish all day over the side ov a boat, without eny bait on his hook, lazyness iz what's the matter ov him.

BURNETT'S COCOAINE.

Unlike all other Hair Dressings

Is the best for promoting the growth of and beautifying the hair, and rendering it dark and glossy. The COCOAINE holds, in a liquid form, a large proportion of deodorized Cocoanut Oil, prepared expressly for this purpose. *No other compound* possesses the peculiar properties which so exactly suit the various conditions of the human hair.

The superiority of BURNETT'S FLAVORING EXTRACTS consists in their perfect purity and great strength. *

Blank Book Manufactory and Book Bindery.

Paper ruled to any pattern. Tickets Receipts, etc., numbered and perforated. Charts and maps mounted. The best classes of modern machinery employed. R. T. WILLIAMS, Government street, entrance through Messrs. Hibben & Co's store. *

AN article so favorably known as Hall's Hair Renewer needs no words of praise from us. It has won its way to the highest favor in the public mind, and multitudes who have vainly used other preparations have, on trying this, been made glad by the speedy restoration of abundant locks as in the days of youth. *

THIS is an advertisement and contains neither oil nor taffy. It simply refers to KURTZ'S OWN cigars made of the best Havana tobacco, and manipulated by WHITE LABOR ONLY.

Our brands are now firmly established and the quality will be strictly maintained. KURTZ & Co. *

DR. J. COLLIS BROWNE'S

CHLORODYNE

THE ORIGINAL AND ONLY GENUINE.

Advice to Invalids—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5th, 1880. To J. T. Davenport, Esq., 33, Great Russell street, Bloomsbury, London. Dear sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE. We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was undoubtedly the Inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue, which, he regretted to say, had been sworn to.—See "The Times," July 13, 1864.

Sold in bottles at 1s. 1½d., 2s. 9., 4s 6d. and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Caution—Beware of Piracy and Imitations.

Sole Manufacturer, J. T. DAVENPORT, 33, Great Russell Street, Bloomsbury, London.

DR. LEAS'

SOLUBLE PHOSPHATE OF IRON.

Clear as spring water and tasteless; has the advantage over all ferruginous preparations of containing Iron and Phosphorus, which are the elements of blood. It cures *chlorosis, pains in the stomach, difficult digestion, dismenorrhœa, anæmia, general debility and poorness of the blood*, and agrees especially with the most delicate stomachs.

WOMEN'S AND CHILDREN'S DISEASES.

No more Cod-Liver Oil.

Grimault's Syrup of Iodized Horse-Raddish.

This medicine has been administered with the utmost success in the Hospitals of Paris. It is a perfect substitute for COD LIVER OIL and has been found most beneficial in DISEASES OF THE CHEST, SCROFULA, LYMPHATIC DISORDERS, GREEN SICKNESS, MUSCULAR ATONY and LOSS OF APPETITE. It regenerates the constitution in purifying the blood, it being the most powerful depurgative known. It has also been applied with happy results in DISEASES OF THE SKIN. Further, it will be found to be of great benefit to young children subject to HUMORS and OBSTRUCTION OF THE GLANDS.

GRIMAULT & CO.'S MATICO, CAPSULES AND LIQUID.

Where all other medicines have failed these preparations will always effect a cure. They insure a rapid and extraordinary cure of severe, recent and chronic cases of private disease. They are used in the Hospitals of Paris by the most celebrated physicians and are found greatly superior to all hitherto known mineral remedies, Copahia and Cubebs. The injection is used in recent, and the capsules in the more chronic cases.

DUSART'S SYRUP OF LACTO-PHOSPHATE OF LIME.

TONIC, RECONSTITUENT and DIGESTIVE, of prime order, particularly suitable to FEEBLE SUBJECTS, CONVALESCENTS, OLD PEOPLE and RICKETTY CHILDREN, who find in them CALCAREOUS ELEMENTS entering into the CONSTITUTION OF THE BONES. OUR RESOURCES.

The necessity for an exploratory survey of the province with its adjacent islands is felt each day more and more. It is acknowledged on all hands that the country abounds in minerals, but there is no record beyond that found in the Dominion Geographical Survey of their extent and location. The government are in ignorance on this point and can give no information of a definite character to any person who might feel disposed to develop our hidden resources. This is not as it should be; the government should be in possession of the fullest information about the agricultural and mineral character of the country, and in a position to give strangers arriving in the country reliable information on all subjects connected therewith of the most explicit character. This question should claim attention at the next meeting of the assembly, and the government should select a person with a knowledge of geology and surveying sufficient to conduct a thorough exploratory survey.

DELAYED DISPATCHES.

EUROPE.

VIENNA, Dec. 12.—The common council have issued a notice that the funeral of those victims of the fire, who cannot be buried by their friends, will take place Monday. All of the hospitals where bodies are laid out present agonizing scenes. The official list gives the number of missing at 917. The interment of identified began to-day shortly after day break. The Hebrew dead were conveyed to the Jewish portion of the cemetery. Scenes at the graves were painful to witness. The ruins of the theatre were surrounded by crowds of people to-day, and the work of removal of debris was resumed. It is feared that hundreds of bodies will be found in the blocked-up passages. The captain of the fire brigade states that all the inside of the theatre is a heap of human bones and charred remains. Fraulien Pawlick, daughter of a well known member of the chamber of deputies, who succeeded in escaping from the theatre, whilst urging people outside to attempt a rescue of those inside was treated as mad by the police and forcibly made to cease her importunities, the guards declaring everybody had been rescued. A relief committee had been constituted. The municipality contributes 50,000 florins.

LONDON, Dec. 14.—The "St. James Gazette" this evening says there is nothing in Blaine's dispatches with which it would be reasonable or profitable for European Government to find fault, but there is much cause for the reflection that Europe has in future to regard Americans as having a foreign policy of their own. Although that policy may only concern South America, yet, considering the court ties between South America and Europe, it may cross and confuse the policy of European Governments in ways and to an extent now only faintly foreseen.

DUBLIN, Dec. 14.— Kelly, Town Counsellor of Tralie, was arrested yesterday after leaving a meeting in aid of the suspect maintenance fund at Rotunda, charged with intimidation. Kelly previously was imprisoned for holding a league court at his house.

A meeting was held to-day at Mansion House to organize a committee of land owners, citizens and magnates in support of the Irish property defense association. Among those present were Marquis of Hamilton, Lord Claude Hamilton, Lord Dunsany, and Lord Suffield; also Sir Henry Tyler and John G. Hubbard, members of parliament. It is understood the resolution was carried appointing a committee to obtain subscriptions in aid of boycotted or other persons unable to gather their crops. Proceedings of the meeting were ramarkably harmonious. The political aspect of the Irish question was by mutual consent avoided by advice of English sypathizers with Ireland. O'Donnell attempted to gain admission as a representative of the tenantry, but the lord mayor refused to admit him; not being invited. O'Donnell sent a protest saying the lord mayor was doubtless prudent to prevent the voice of even a single representative of the Irish people being heard.

CANADA.

CHICAGO, Dec. 12.—The *Inter-Ocean;* A curious question arises in connection with the proposed transfer of the Credit Valley Railroad in Canada to the Canadian Pacific syndicate. The road was constructed on a charter granted by the province of Ontario, and it is argued that the amendments necessary to allow the transfor must be made by the Ontario legislature. If the Dominion parliament does what it is assured the provincial parliament will refuse to do, the Toronto *Globe* threatens that there will come a day of reckoning for all such interference with the rights of the people.

CALAIS, Me., Dec. 13.—The machine shops and other property of the New Brunswick and Canada railroad at St. Andrews, N. B., are burned; loss $60,000; insurance slight.

EASTERN STATES.

NEW YORK, Dec. 12.—A Washington special says sixteen of the experts summoned on either side of the Guiteau trial have held a consultation, at which it was found that all were agreed in the opinion that the assassin is sane and legally responsible for the murder of Garfield. This number includes practically the whole body of experts now here attending the trial. One of them said to-night that he did not know of a single expert who would testify that Guiteau was insane.

Warden Crocker received a number of anonymous letters advising him to remove prisoners from the end of the jail to which Guiteau is confined, so that if a dynamite explosion occurs no life but that of Guiteau will be in danger.

CHICAGO, Dec. 14.—The 'Times' Halifax special says: A. M. Robinson, said to represent Wells, Fargo & Co., last summer engaged a number of young Nova Scotians to go to New Mexico to work in silver mines. They write home that if they attempt to leave they are arrested and detained. A party who sought to escape was surrounded and driven back, and several were badly wounded in the fracas. Friends here have called on Lieutenant Governor Archibald, who said the matter would be dealt with by the Imperial authorities, and he asked for documents to place in the hands of the Governor General.

NEW YORK, Dec. 13.—It is rumored that a new line of steamers, based on capital in Canada, will be placed upon the route between San Francisco and Japan and China, calling at Victoria, B. C., as an intermediary point. Statistics of trade are being collected with a view of describing the commercial success probable. An act of incorporation for the proposed company will be applied for at the next session of parliament.

AUSTIN, Nev., Dec. 14.—About half past 1 o'clock this morning a party of masked men forciby entered the jailor's room in the court house building, overpowered him and forced him to give up the keys to the jail and door of the cell containing Richard Jennings, who in cold blood shot and killed John A. Barrett, an old and respected citizen the night before without provocation, Jennings was taken out and hung from a balcony over the front door.

PEMBINA, Dec. 14.—Indians in Pembina mountains come in to announce that their supplies have been cut off by quarantine regulations, and their people starving. Collector McMenton telegraphed the facts to the Indian and War Department. Capt. Collins has volunteered to send provisions from Fort Pembina.

NEW YORK, Dec. 14.—The "Times" says that the annoucement was recently made that the postoffice department had ordered a reduction of $29,666 per annum in the pay of the contractor who holds the important star route from Redding, California, to Roseburg, Oregon. The reduction was made because of the discovery that every other day the trips had not been performed, and that third class matter had long been carried by steamer from San Francisco.

WEST INDIES.

BARBADOES, Nov. 27.—The yellow fever epidemic on this island baffles the skill of the authorities. No sooner is the disease subdued in one district than it reappears in another.

SAN DOMINGO, Nov. 30.—The yellow fever is assuming alarming proportions, there having been thirty fatal cases in one week.

CHINA AND JAPAN.

HONG KONG, Nov. 16.—The burial of the late eastern empress after a lapse of several months has taken place. The deceased was consort of the father of the late emperor. The absence of the western empress and youthful emperor from the ceremonies occasioned remarks and was caused by a disturbance among palace eunuchs. It was asserted that she would never be allowed to return if she went beyond the limits of the city.

M. Butzow, Russian minister, has arrived in Peking. He is understood to bring with him a ratification of the Chinese treaty.

A typhoon has visited the coast of Tonquin. The waters of the sea and river washed away the banks, inundated the plantations and threatened houses with destruction. Damage to property is immense, and loss of life great. Over two hundred bodies have already been recovered.

Chief Justice French, of the British supreme court of China and Japan, is dead.

The Chinese government has decided to lay the railway line formerly between Shanghai and Woo Lung, from the coast of Formosa to the sugar districts. The line originally laid by foreigners, was bought by Chinese, torn up by Mandarins, and the material and rolling stock transported to Formosa, where they were allowed to remain idle till now.

Burge R. Lewis, marshal of the U. S. consulate at Shanghai, suicided October 20th by severing an artery in his arm.

The American ship Humboldt was wrecked at Lincoln island October 22d. W. C. Clinton, second mate, and the Chinese steward and cook, were drowned. The others gained the land and were taken off by the steamer Gordon Castle.

An outrage has been committed by natives of one of the Aleutian islands on the crew of the sea otter hunting schooner Diana, who were fired upon, and several of the Japanese crew killed. One of the foreign officers received eight balls in his body and another was badly wounded.

THE harsh aspect of the autumnal gray, which betokens the shady side of life, is easily modified by the use of Ayer's Hair Vigor. *

A CARD TO THE PUBLIC.

AS THE STEAMER "WESTERN SLOPE" HAS stopped running rather suddenly, I wish to explain to the public that, having no connection at New Westminster and no freight offering for the latter place either up or down, I was reluctantly compelled to withdraw the boat at once or suffer a loss by keeping her running. I now beg to return my sincere thanks to my friends and the public generally for the liberal patronage extended to me during the past season, and hope for a continuance of their favors the ensuing season, which I expect to commence early in the spring. In the meantime arrangements will be made for a light draught steamer to connect with the Slopo on the river, so that freight and passengers may be taken through to Yale without delay early the ensuing season.

The Interior

[Herald.]

The Victoria *Colonist* has entered upon its 24th year. We congratulate our contemporary upon its well merited success under present management.

We hear that arrangements will be made this winter for establishing regular communication between Puget Sound and New Westminster next spring. Foreign capital and foreign enterprise are doing it.

Mr. C. McC. Reeve, who was here a week ago, was on confidential business connected with the C. P. R. Syndicate, He came accredited to Mr. Marcus Smith and we have reason to know that his visit is likely to bring about important results.

There is an immediate prospect of the canyons of the Fraser being enlivened by a steamer plying between Boston Bar and Lytton. The *Sentinel* says that the C. P. R. contractor will place a steamer on that water stretch next season and that some of the machinery has already arrived at Emory. The steamer is to be 100 feet long.

The *Inland Sentinel* of Thursday last says:—Last Monday Mr. Uriah Ward was passing up the road with his four-horse team, loaded; when near Chapman's Bar the horses became frightened and the two nigh horses were crowded over the bank—one falling through the harness and the harness had to be cut to let the other drop, in order to save the other two horses and the load. The animals fell upon the rocks below and were instantly killed. Mr. W. had a narrow escape for his own life as well as the whole team and load.

There would appear to be a prospect of considerable gold mining being carried on next season in the vicinity of Yale. The Flume Company, proposing to operate on Sawmill Flat, opposite the town, have everything in a state of readiness for active work as soon as spring opens. The Force Pump Co. are also getting ready for active operations, and as excellent "prospects" have been obtained, a rich harvest is confidently anticipated.

With December commenced the weekly mail service of the winter, and our Yale contemporary has uttered his first complaint of the season. Howl on, brother of the cañons! It is shameful and there ought to be a united outcry against it. But it is not a question of "courtesy" at all. Steamboat men and express men cannot reasonable be expected to carry Her Majesty's mails out of "courtesy" and to do so in the present instance might teach the Dominion Government a bad habit. It is perhaps just as well that the people should be made to realize the full force of the mail grievance and thus be led the more promptly and peremptorily to insist upon redress. But it is not now that the inadequacy of the winter mail service can be fully gauged. Wait till navigation closes and travel betakes itself to the bridgeless and almost trackless road, when a journey between this city and Yale, instead of a day, will occupy a week.

[Guardian.]

A Mr. Wade, who recently came to this country with the intention of establishing a woolen mill, started with his nephew, Mr. J. H. Hunter, from the lower Fraser for this city in a canoe. The canoe struck something under water and the occupants were thrown into the water. It appears that Mr. Hunter, who is a first rate swimmer, attempted to make the shore about half a mile distant, but has not since been heard of. Mr. Wade clung to the canoe and was picked up in a very exhausted state by two Indians. He gave instructions for an immediate search for his nephew, and a number of men were dispatched in quest; but unhappily nothing has since been heard of the missing man.

Good News.

Mr. A. Ofner, corner Government and Fort streets, has just received 1000 cases of best American Coal Oil, which he will sell at reduced prices. Also, a choice variety of Christmas Goods.

Orders from the trade are solicited. *

INSANE.—Doctors Helmcken and Matthews yesterday committed an unfortunate middle-aged woman named Moeberry to the lunatic asylum, New Westminster. She and her husband, who is addicted to drink, recently came to this city from Winnipeg. Since her arrival here she has been laboring under delusions of a religious fanatical character, and has on one or two occasions threatened suicide. To prevent her from carrying out her threat she was put in the lock-up on Wednesday night and yesterday a consultation was held on her case with the above result.

ANOTHER VAGRANT. — Yesterday another begging tramp was locked up in gaol by the police for importunate begging on the streets of this city. This practise is becoming altogether too common and should be discouraged in every possible way. Any person, able-bodied or otherwise, can find employment if he is so disposed on the railroad works or drydock; but in the majority of cases those would-be mendicants spend all they can get for intoxicating drinks. Charity therefore is thrown away on them or worse.

Esquimalt Licensing Court.

[Before Messrs. Fisher, Innes, Wm. Fisher (Metchosin) M. Muir, J. J. Robertson, G. H. Wilson Brown, A. Weir, J. McAllaster, R. Finlayson, Dr. Tolmie and Dr. Foster.

Re Stephen Jones license.

Mr. W. Fisher (Esquimalt)—This is an application for a license by Stephen Jones. It has been several times before the court and has been refused.

Mr. Mills, for applicant—Before you proceed further I wish you to hear my application.

Mr. Fisher—Certainly; the bench will give you every latitude.

Mr. Mills—Then I would ask you, Mr. Fisher, to retire from the bench. Here Mr. Mills read a protest and handed same to the court. It was addressed to Mr. Fisher and protested against his sitting on the bench on the ground that he was a mortgagee of a certain saloon in the district.

Mr. A. E. B. Davie, who appeared to oppose the application, wanted to know whether Mr. Fisher was mortgagee of the land or the saloon.

Mr. Fisher—Mortgagee of the land. Here Mr. Fisher stated that he was interested in many other things besides saloons. Here the bench severely twitted Mr. Mills for objecting to him sitting on the bench.

Mr. Mills—Please note my objection and then I will proceed.

Formal evidence was then given of the posting up notices, &c.

Mr. A. E. B. Davie—Where is the petition signed by the inhabitants?

Mr. Mills—Here it is.

Mr. Davie—This petition was read on a former application and I submit that it is not sufficient to support the present application. Some of the people may now be dead.

Mr. Mills — The petition was signed for the purpose of supporting an application for a license to sell liquor at the International Hotel. For that purpose I now use it. It is not limited to any particular application and I submit it is valid.

Mr. A. E. B. Davie—Idesire the ruling of the court on this point.

Messrs. Wm. Fisher, M. Muir, R. Finlayson, Dr. Tolmie Innes, and Wm. Fisher, of Metchosin, held that the petition was exhausted on the former application.

Messrs. J. J. Robertson, Weir, J. McAllister, J. H. Wilson Brown and Dr. Foster held that it was sufficient for the present application.

The majority against the petition was two.

Mr. Mills—I must insist on pressing my application for the license notwithstanding your ruling.

Mr. Fisher—No, you cannot proceed.

Mr. Mills — I object to your ruling and you will please note the objection.

The court adjourned.

The Island Railway.

There is good ground for stating that the question of building the Island railway is not only under the consideration of the C. P. R. syndicate, but that it is favorably considered—almost as good as acted upon. It is well understood that the temptation to the syndicate lies less in the railway itself than in the land grant; but that is a phase of the subject with which the people of British Columbia feel less directly concerned. We want the railway and the syndicate wants the vast coal stores comprised in the land grant. That these coal lands are of immense value is beyond all doubt, and that it is better they should fall into the hands of the C. P. R. syndicate than into those of foreign capitalists having no national interests in common with us is equally certain. These great coal stores are the irresistible power which shall undoubtedly control commerce on the Northern Pacific coast, and it is simply a question whether that power shall be used for or against us. The syndicate must become so thoroughly identified with our national autonomy that it matters little whether these invaluable stores are held by them or by our own government. They will be used in promoting the commercial supremacy of the nation on this coast all the same. It will be matter of rejoicing, not alone to Columbia but to Canada, indeed, to the empire at large, when it shall be finally proclaimed that the C. P. R. syndicate have actually undertaken to construct the Island railway in return for the transfer of these coal stores. Of course we, on the mainland, have a less direct interest than the people on the Island in that railway; but we have an interest. "The head cannot say to the foot I have no need of thee." In all such matters there must be a community of interest, and the mainland will rejoice with the Island on the day when it shall be authoritatively announced that the C. P. R. syndicate have undertaken the construction of the Island railway in return for the coal lands.—*N. W. Herald.*

Probably Another Failure of Justice.

After quoting *The Colonist* report of the opening of the Court of Assize in this city the *N. W. Herald* remarks as follows:—The question is a serious one to the country, involving possible large expenditures and no end of complication and inconvenience. It is even more serious still. Should it happen that the courts of assize held throughout the country shall be pronounced illegal, the consequences will, indeed, be serious, involving something more important than mere money and inconvenience. Two years ago the whole fabric of the administration of justice was shaken to its very foundation, as if by an earthquake. It can ill endure such another strain. When the judges and the attorney-general differ in opinion, it would be presumption for us to pronounce upon the legality of the commissions; but one cannot conceal the fact that in similar differences of opinion which have unfortunately arisen in the past, it has turned out that the judges were right and the attorney-general wrong. In truth, the opinion of the attorney-general cannot be supposed to carry much weight, in view of the unterminable jumble of bad and unconstitutional laws inflicted upon the country during the term of his administration. Should the assizes held here last week be voided, at least one of the worst of a bad lot of criminals would, in all probability, go unwhipt of justice, inasmuch as the only parties upon whose evidence a conviction could be had, have left the country.

THE WAY OF THE TRANSGRESSOR.—A youth of 18 was yesterday sent to the chaingang for three months for stealing a watch, which after purloining from a fellow-lodger he went and sold for $1.50 to a pawnbroker. As the robbery had been reported to the police they were on the lookout for the stolen article and after finding out where it was they soon took the petty larcenist into custody, and he is now commencing his quarter of a year's apprenticeship under Mr. Truran. Although young in years this offender seems to be old in crime and is a fit subject for a criminal reformatory if there were such an institution in the country.

Licensing Court.

[Before His Worship the Mayor, Hon. A.F. Pemberton and T. Shotbolt, Esq., J.P.]

THURSDAY, Dec. 15.

An application was made by Phillip J. Hall for a license to sell wines, spirits, etc., on the premises formerly known as the Bee Hive on the corner of Broad and Fort streets.

Mr. S. P. Walls appeared in support of the application and remarked that the petition was numerously signed, and as the house had been licensed formerly he hoped that the application would be favorably entertained, especially as his client had been to considerable expense in fitting up the premises and that two licensed houses just above had been discontinued.

The clerk did not know how long since these premises were licensed.

The Supt. of Police had nothing to say with regard to the application.

His Worship called the attention of the applicant to the fact that the Council had passed a resolution to the effect that no more new houses should be licensed during the municipal year.

Mr. Walls remarked that the premises were to be used as an hotel and not simply as a saloon. If there was any doubt about the matter he would ask for an adjournment in order to prove that the house was intended for an hotel.

His Worship did not feel justified in granting licenses to any more houses during his term of office, which was now getting very short.

Mr. Walls pressed for a postponement so as to produce evidence of the premises being designed for an hotel and not merely as a saloon.

A petition was presented against the application, which was explained by Mr. Walls.

His Worship thought that as the Council had made a definite rule it should be adhered to. The application should, therefore, in the opinion of the bench, be dismissed.

A transfer was applied for by A. W. Lawson from F. Culliton of the license of the Tableaux Saloon, Government street.

Supt. O'Connor had no objection to offer and the transfer was accordingly granted.

James Ferguson applied for a transfer of license for the Rock Bay House from William Beckman to himself.

No objection being raised the transfer was allowed.

S. Shore & Co. made application for a license to sell wines and liquors at their grocery store, corner of Douglas and Pandora street.

His Worship considered that this application should follow the same course as that of Mr. Hall. He quite agreed with the police magistrate that if the bench had power to grant a bottle license that such a license would be granted. Perhaps such licenses might be authorized another year and then one might be granted. There was little doubt but that such a change would be made and then Mr. Shore could get what he wanted.

In consequence of some informality in the application for a license for the premises corner Douglas and View streets of Alex. McInnes in not applying to the clerk of the bench a discussion arose as to whether it could be entertained. It was decided that the slight omission should be overlooked.

There was no objection on the part of the Supt. of Police except that he thought another house in that locality was not needed.

As it was an old established house the application was granted.

Court adjourned till 15th March next.

Municipal Police Court.

[Before Hon. A. F. Pemberton.]

THURSDAY, Dec. 15.

After a d. and d. had been disposed of in the usual manner

Patrick Madden was charged with

STEALING A WATCH

the property of George Keithley.

Prisoner pleaded guilty.

Supt. O'Connor remarked that the prisoner came over from San Juan some months ago with stolen money. His uncle followed him and recovered it. Subsequently he appeared in the Police Court on a charge of stealing $4. Altogether he was a great nuisance.

In reply to the Magistrate prisoner stated that he was eighteen years of age.

The court remarked that he had made a very bad beginning in life. On a former occasion good advice had been given and as that had not been followed he would now inflict a sentence of three months' imprisonment with hard labor. He hoped when the time expired that the prisoner would do better.

ASSAULT.

A party was arraigned for an assault on a saloon keeper on the 13th inst.

Mr. E. M. Johnson appeared for the defence and stated that his client admitted the assault, but he was under the influence of liquor and was sincerely sorry for what had happened. He would promise faithfully not to be guilty of the offence again. Perhaps if he were bound over to keep the peace that might be sufficient punishment with a small fine. There was a large family in the case that would be in destitute circumstances if the defendant were imprisoned.

Supt. O'Connor stated that on making enquiries he had ascertained that the plaintiff was as much to blame as the defendant in the matter and that he had no desire to press the case unduly.

Taking all the circumstances into consideration the magistrate would only inflict a fine of $20 for the offence or in default two months' imprisonment.

The fine was immediately paid and the defendant discharged.

Public School Examination.

The Christmas examination of the boys' department of the Public School was held yesterday, a number of visitors being in attendnce. Among others were Mr. Jas. Fell, Rev. Mr. and Mrs. Watson, Mrs. Gibbs, Mr. and Mrs. Chandler, Mr. Wrigglesworth, Mr. and Mrs. Hunter, Miss Richards, Mrs. T. Gowen, Mrs. Brown, Mrs. Oppenheimer, Mrs. J. Thompson, Mrs. Carmichael, Rev. Mr. Smith, Hon. Mr. Beaven, Mr. D. Spencer, Miss Williams, Rev. Mr. Stevens, and Mrs. Allen Francis. The same routine was gone through with in the forenoon as was done yesterday in the girls' department, and the teachers expressed themselves as being well satisfied with the progress made during the term. In the afternoon the boys all assembled in the large room upstairs, when Mr. Fell read the names of the boys who had been promoted to the High School, and Mr. Mackenzie of those who had been promoted to higher divisions in the Public School as given below.

From the 1st division to the High School: E. Hayward, W. Duck, A. R. Langley, C. Lane and T. Gore.

From the 2nd division to the first, S. Travis.

From the 3rd to the second division, R. A. Johnston, R. Watson, A. E. Whittaker, G. Bailey, W. Dalby, C. T. Wrigglesworth and A. C. Good.

From the 4th to the 3rd division, Stanley R. Englehardt, A. Francis, O. E. Bailey, F. Wall and J. and G. Meldrum.

From the 5th to the 4th division, W. Smith, W. Fish, A. Finlaison and W. Cathcart.

Mr. Fell then presented the following prizes with a few appropriate remarks with each:—

Master Williams, for general good conduct.

George Bailey, for best reading in third division. This prize was given by Mrs. Caldwell.

Arthur Humber, for diligence and good conduct.

The chairman then called on the Rev. Mr. Watson to address the school, which he did, briefly congratulating them on their success, etc., and was followed by the Hon. Mr. Beaven, the Rev. Mr. Smith, and Mr. D. Spencer, each of whom gave the boys good advice and wished them success. Mr. Spencer closed by asking the boys to give three cheers for their teachers, three for Mr. Fell and three for the trustees, which were given with a heartiness that made the schoolroom ring with joyful voices.

Mr. Fell then addressed the children shortly and concluded by asking them to give three more cheers for the Queen, which were given as heartily as before, after which the boys of their own accord gave three more cheers for the Public School, which closed the examination.

The examination in the High School takes place to-day.

The Sheridan Engagement.

The Sacramento *Record-Union* speaks in high praise of Mr. Sheridan's King Lear as follows: Evidently Mr. Sheridan, whose presentation of King Lear drew to the Metropolitan Theatre last night a very fine audience—one complimentary in a high degree to his own skill and art—has so studied Shakespeare and has arrived at a like judgment to that quoted. Certainly he presents Shakespeare's "Lear" in a manner to confirm that belief, revealing this artlessness of the poet as the secret of the power of his genius. Jonson has said that there was a controversy among the critics of his day as to whether the predominant image in Lear's disordered mind was the loss of his kingdom or the cruelty of his daughters. He took the latter view, holding that Lear would move our compassion but little, did we not rather consider the injured father than the degraded King. Mr. Sheridan, by his shadings, presented the source of Lear's deepest woes as residing almost wholly in the unnatural conduct of two of his children, rather than his deprivation of royalty, and this method was in consonance with the view taken of the judgment he has undoubtedly formed of the art of Shakespeare. Others have differed with this view; memory serves that the younger Kean read the text with a different shading. Sheridan's interpretation is in accord with the great majority verdict of Shakesperean students, and so, while he does not lessen the agony of the King over the loss of his power, he subordinates it by just the right shading to the grief and distress of the father. As with Hamlet, so with Lear—the critics disagree and actors have not a fixed standard regarding it, so full is it, as Jonsons put it, of "involutions of distinct interests, and the striking oppositions of contrary characters, and of sudden changes of fortune." But Mr. Sheridan's method with the drama last night was a masterly one, and calculated to present it with all its debatable contrarieties and with all the force and effectiveness possible under the embarrassing circumstances of insufficient scenery, limited accessories, a meagerly fitted stage and an insufficient force of skilled supernumeraries.

The box sheet will be opened this morning at 10 o'clock at Mr. Redfern's jewelry store.

Victoria Garrison Artillery Competitive Practice.

The following is a summary of scores made by the right half of the Victoria Battery from 64 pr., M. L. R. guns, in position at Finlayson Point battery, on 3d inst.; eight competitors, each firing 3 rounds slugged and 2 rounds common shell and time fuze. Range, 1200 yards; wind light and down range from left; maximum points, 32.

		Points.	Time.
Gunner	Rourke	28	13½m.
"	Wake	26	11" "
"	Rhodes	26	11½ "
"	Langley	25	8" "
"	Pinder	24	14 "
"	Becket	22	8½ "
"	Hannington	22	9" "
"	Gray	22	13½ "

Detachment No. 1 firing 29 rounds in 49 minutes; aggregate points, 99. Detachment No. 4 firing 30 rounds in 50 minutes; aggregate points, 96. It is due the detachments working the guns and the members laying them, to note that everything in connection with the guns worked so stiffly as not to give a fair chance of making quick time. The practice all things taken into account, was considered highly satisfactory. Capt. Dupont acted as umpire. T. L. Jones judged the time points for direction. Lieut. Keefer acted as range officer.

FROM THE SOUND.—The steamer North Pacific, Capt. Wilson, arrived from the Sound at 1:10 p. m. yesterday with the mails, passengers, quite a large freight, including 90 sheep for Goodacre & Dooley, and 2 horses.

DONATION.—Mr. R. Dunsmuir sent down by the Princess Louise 3 tons of coal for the Protestant Orphans' Home as a donation.

Benevolent Society Entertainment.

Philharmonic Hall was filled to overflowing last evening by an appreciative audience to witness the entertainment in aid of the above society. Tea was served in the Pavillion Rink while the entertainment was carried on in the hall. The programme opened with a piece entitled "Chilperic" by the amateur orchestra, which was followed by a song, "Man the lifeboat," by Mr. E. G. Prior, both of which were well received. After which came the tableau, "Mary, Queen of Scots, first view of Rizzio," Miss Macdonald taking the part of the queen and Mr. Laperier that of Rizzio; the remaining parts were taken by the following gentlemen and ladies: Messrs. Nicholls, Savon, Master and the Misses Macdonald. A chorus by the choir, a piano solo by Count Zuboff and an overture by the orchestra were also well received. Mrs. Searby then sang a song entitled "A Bird from o'er the Sea" in her best style, after which a tableau "The murder of Rizzio" was then presented, the same persons taking part as before. There was then a short recess after which the orchestra played the "Turkish Reveille" and was followed by Mr. Beeton in a song entitled the "Midshipmaie" which was so well rendered that an encore was called and responded to. Then a tableau representing "Edward III. and Philipa" in which Miss Macdonald and Mr. Savon took the principal parts. This was followed by a chorus "On yonder Rock" and a solo by Miss Gosnell, both of which were well received. The latter won an encore after which the orchestra played a selection and then the grand event of the evening for which the audience were all eagerly waiting for the "Surprise Tableau," the first part of which represented a large elephant with Master Macdonald riding on him while Turks were sitting around; this was loudly cheered and when the curtain again rose Master Macdonald showed his elephant as a trick animal, making him lift his right foot for the Benevolent Society, bow to the audience and waltzing to music. The entertainment then closed and all went away well satisfied with their evening's amusement.

Marine.

Etta White towed down the barque Remijo yesterday timber laden from Burrard Inlet for Sydney. The steamer went to Moodyville again last night for the barque Alice Muir.

Steamship Hylton Castle landed Pilot Morrison yesterday and passed on coal laden for San Francisco.

SUNDAY SCHOOL ENTERTAINMENT.—The pupils belonging to the First Presbyterian Church Sunday School, their parents and friends, spent a very agreeable time last evening at a social gathering in the school, room on Pandora street. Recitations, readings, etc., together with the discussion of plenty of delicious eatables and drinkables too of the right kind occupied the time till all good children should be in bed.

"I consider it a great pleasure," writes A. J. Doake, Esq., manager American House, Amesbury, Mass., "to state that the inflammatory rheumatism which so severely affected my feet, yielded at once upon a few applications of the St. Jacobs Oil, which is worthy of the highest recommendation."

THE WRECKED BARQUE.—The steamer Beaver and two scows are actively engaged on the wrecked barque near Rocky Point. Powerful pumps are at work, and should the present fine weather hold out for a short time the probabilities are that the vessel will be floated and taken to a place of safety.

The Premier on the C. P. R. R.

The following is an extract from Sir John Macdonald's great speech at the Liberal Conservative banquet recently held on the C. P. R. R. in this Province:—

Now, gentlemen, the next thing we had to tackle was the Pacific railway. I believe the country has made up her mind as to the policy of the Government on that question. The whole Pacific system or scheme was one of Mr. Mackenzie's greatest failures. He fiddled here and fiddled there, and had any amount of surveyors out, spending millions on the prairies, in the wilderness of the West; and with all this he was running the road to nowhere. He built a lock at Fort Frances, and then found out that was not on the line of the railway at all. He bought a great lot of steel rails, and sent some of them to British Columbia via Cape Horn—a voyage round the whole world—and then Mr. Blake announces that British Columbia ought not to have any railway or any railway system. Gentlemen, it is not a small matter that by the defeat of our scheme in 1873, and the utter failure of their Government to carry out any sensible or rational scheme for construction of the Pacific railway, we have lost seven precious years. (Applause.) If the road had been pushed as it would have been in 1873, that great Western country, instead of having a few thousand settlers, would have had hundreds of thousands. (Applause, and cries of "hear, hear.")

The following are his closing remarks: Now; gentlemen, let me thank you again and again, from the bottom of my heart, for your kindness—for this grand, this magnificent demonstration. I unite myself with those who are near and dear to me in saying that we shall reckon this as the proudest day of my life—(loud cheers)—here in my own Province of Ontario, where I have lived and labored so long where my name is known here to receive from the representatives of the great liberal conservative party from every county, every town, every village, every constituency, such a tribute as this! (Loud and continued cheering.) It makes my heart glow within me, gentlemen. While I live I and my family will treasure and I will leave behind me to my children, the remembrance of this enthusiastic reception, this renewed expression of confidence held out to me by the people of Ontario and by you, gentlemen, yesterday and to-day.

The close of Sir John's speech was the signal for a great transport of enthusiasm the vast audience rising over and over again, cheering and waving their handkerchiefs for several minutes.
